WELCOME TO THE DEFIANT SPIRIT

STOP REACTING. START RESPONDING.
IT'S YOUR CHOICE.

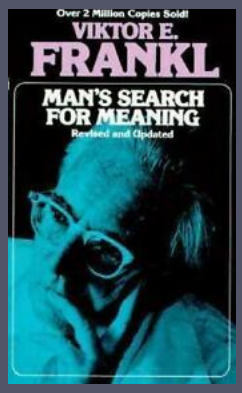
Welcome to the Defiant Spirit,

I am Dr. Baruch HaLevi, also known as "B," and I am the founder of The Defiant Spirit Coaching, Counseling & Consulting and the creator of the Defy Your Number Enneagram System. For the past two decades, I have counseled thousands of people through Life's T's: transitions, tests, trials, traumas, and tragedies. I have utilized various systems, tools, and strategies, but none have been as insightful or impactful as Logotherapy and the Enneagram.

- **What is Logotherapy?**

Dr. Viktor Frankl, a psychiatrist, neurologist, holocaust survivor, and author of "Man's Search For Meaning," founded Logotherapy, meaning-centered, spiritual-oriented psychotherapy.

Man's Search For Meaning



Man's Search For Meaning was named by the Library of Congress as one of the top ten most influential books of the twentieth century, and a book which continues to dominate best-*selling lists which range from business to psychology, investing to education.*

- **What Is The Enneagram?**

The Enneagram, an ancient psychological roadmap, has been adapted into a scientifically validated and easy-to-understand personality typing system. It's perfect for anyone seeking to understand themselves (and others) and why they do what they do.

For the first time, the Defy Your Number Enneagram System synthesizes these two powerful systems, providing you insights, inspiration, tools, and strategies, in the words of Dr. Frankl, to stop living in reaction and take back your power to choose your response to life.

- **Introducing the Defy Your Number Enneagram System**

This groundbreaking system merges two powerful sources of information to provide you with a unique perspective on your life. With the Defy Your Number Enneagram System, you'll gain valuable insights, inspiration, tools, and strategies to help you break out of reactive patterns and regain control over your choices, or as Dr. Frankl taught, the power to choose your response to life!

WELCOME TO THE DEFIANT SPIRIT

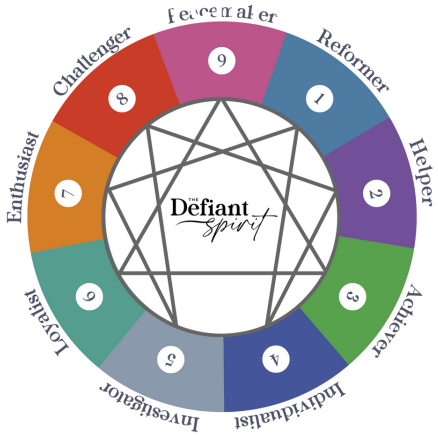
THE ENNEAGRAM IS THE SPACE BETWEEN STIMULUS AND RESPONSE...

THE DEFIANT SPIRIT PHILOSOPHY

The Enneagram is often described as a personality-typing system built around nine fundamental numbers, energies, or what we might call personalities.

But what is a personality?

Personality comes from the word *persona,* the Greek word for "mask." We have learned to wear it as a defense mechanism to survive. A personality is not who you are but a version of you or what we might consider the "false" you. It is not bad or wrong, but a survival strategy and a way to make sense of a chaotic, difficult, and painful world. It's where we have **learned to react** when we are on autopilot, unconscious, or living in fear.



However, we don't have to live in reaction, in fear, as powerless victims of our circumstances. We can discover within us what my mentor, Dr. Viktor Frankl, called the "defiant power of the human spirit." And with that, **we can take back our power to choose.**

.

As Dr. Frankl taught:

> "Between stimulus and response, there is a space. In that space lies our freedom and our power to choose our response. In our response lies our growth and our happiness."

The Enneagram provides that space between stimulus and response, showing us how to stop reacting to our circumstances, take back our power, and choose our response.

That is what The Defiant Spirit is all about and what the Defy Your Number Enneagram System will empower you to do - to discover, own, and defy your number.
